INDEPENDENT PROJECTS

Beyond the Wins: A Brand and Revenue Strategy for the Brooklyn Nets

Fall 2025 – Present

Independent Research Project | Founder & Analyst

- Received Outstanding Presentation Award at the BAASANA International Conference on Business and Applied Sciences (April 2026, Woodland Park, NJ).
- Developed an original financial framework analyzing franchise revenue, brand strategy, and business economics — manuscript submitted to the International Journal of Business and Applied Sciences (IJBAS).
- Conducted original market research analyzing franchise revenue data, sponsorship trends, and brand valuation across the NBA ecosystem to support investment and partnership recommendations.

Greenlit | React, Vite, Vercel

2026

Full-Stack Application Tracker | Solo Project, Concept through Live Deployment

- Designed and built a full-stack opportunity tracker to manage job, internship, and scholarship applications with custom status tracking, folder organization, deadline urgency flags, activity logs, and CSV/JSON data export.
- Deployed live via Vercel with a real GitHub repo and version history; implemented dark mode toggle and distinctive slider-based status control UI.
- Sole developer and designer; managed full product lifecycle from wireframing and UI design through data architecture, testing, and production deployment.

A+ Overgrowth | React, Vite, Vercel, Claude API

2026

AI-Powered RPG Study Tool | Solo Project, Personal Use through Live Deployment

- Built a personal study tool using the Claude API to transform uploaded course material into RPG-style quiz combat and progression systems, making dense academic content more engaging.
- Designed a full RPG combat system with battlefield staging, boss mechanics, and a multi-world save architecture tracking independent progress across different courses and study sets.

EXPERIENCE

Paul Robeson Success Institute (PRSI), Rutgers University

Aug 2026 – Present

Peer Success Mentor | Division of Access and Community Engagement

- Selected to mentor first-generation and historically excluded incoming students through workshops and one-on-one sessions focused on academic success, campus resources, and community building.
- Managed group communications and coordinated regular check-ins, tracking mentee academic progress and connecting students to tutoring, advising, and campus support services throughout the semester.

Northwestern Mutual Financial Services, Princeton, NJ

05/2024 – 09/2024

Financial Advisor Intern

- Completed 100+ client outreach calls weekly and assisted in managing 20+ personalized client portfolios through data analysis and financial goal alignment.
- Conducted competitive market research and insurance product comparisons to support senior financial advisors.
- Earned NJ Life and Health & Accident Insurance Producer licenses while actively contributing to client outreach and portfolio responsibilities.

High Hotels Ltd., Cherry Hill, NJ

05/2022 – 08/2022

Lodging Service Representative Intern

- Collaborated with property manager on daily financial operations, supporting front-desk accounting reconciliation and reporting.

ADDITIONAL EXPERIENCE

Business School Career Trek — Atlanta

Spring 2024

Academic Experience

- Visited Coca-Cola, Chick-fil-A, Microsoft, Cisco, and Northwestern Mutual HQ; attended workshops and applied networking strategies.

Senegal Rek 2026 — Business & Investment Forum, Rutgers University

Jun 2026

Event Operations Volunteer

- Supported an international business and investment forum convening institutional investors, private equity firms, diaspora leaders, and government officials during FIFA World Cup 2026.
